A glimpse at the 4 sun-drenched destinations

Where fresh and salt waters meet,
at the crossroads of the Hérault River,
the Canal du Midi and the Mediterranean.

Le Cap d'Agde

Ten different settings and all the pleasure of the Mediterranean

From the port to the beaches, Le Cap d'Agde is a mosaic of holiday places, where the typical architecture blends harmoniously with the Languedoc villages, always respectful of the environment.

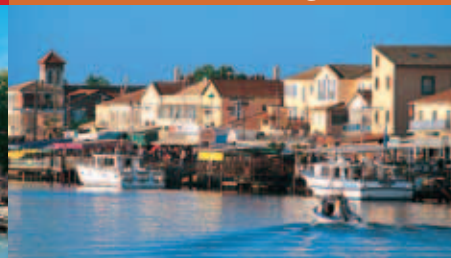

La cité d'Agde

The Grecian City

From the 5th century BC the Phocaeans, then the Greeks shaped this city, "Agathé Tyché", (good fortune). Over the centuries, maritime trade has brought prosperity to Agde and today its 26 centuries of history are visible in its streets and archaeological treasures.

Le Grau d'Agde

The authentic charm of a fishing village

This appealing little village with its colourful, family atmosphere is situated on the left bank of the Hérault River. It has kept the charm of an authentic coastal village resort, while blending tradition with holiday fun.

La Tamarissière

A pine forest beside the sea

La Tamarissière is a protected natural corner in the shade of a pine forest, just opposite Le Grau d'Agde, a tranquil and charming spot for holidays right on the water's edge.
